

From Assessment to Action

Designing Lessons with UDL, LUDIA, & DRDP Reports

Join us for a four-part, practice-based webinar series designed to build your skills step-by-step. We'll begin with the foundations of Universal Design for Learning (UDL), then introduce LUDIA—an AI platform grounded in UDL that supports lesson planning. Next, we'll explore how to read and interpret DRDP reports, and finally bring it all together by using DRDP data within LUDIA to design responsive, inclusive lessons.

Who Should Attend:

Educators who use the DRDP and want to enhance inclusive practices using UDL.
